Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

The EEF Toolkit has been used alongside our knowledge of what has worked over time at Newborough CE Primary School when deciding the school's action.

Part A: Pupil premium strategy plan

Statement of intent

At Newborough Church of England Primary School, the pupils for whom we receive the PPG will be provided with opportunities and support to minimise any deficit due to disadvantage. Where appropriate, we aim for these pupils to achieve the same academic progress and attainment as their peers and to have the social and academic skills to be successful when they transition on to secondary education.

All children having access to quality first teaching is at the heart of our strategy. We aim for our school to be inclusive with adaptions and scaffolding enabling all learners to succeed. Independence, resilience and self-belief are promoted for our children.

Our children receive a curriculum which is broad and balanced with knowledge and skills mapped over time so that the children's acquisition of these is progressive.

As a school, we aim to achieve the following:

- Narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- For disadvantaged pupils to meet or exceed age-related expectations.
- To support our children's mental health and wellbeing to enable them to access learning at an appropriate level.

We aim to achieve this through:

- Ensuring that the teaching and learning opportunities meet the needs of all of the pupils.
- Ensuring that appropriate provision is made for pupils who are identified as vulnerable, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed.

Our range of provision includes:

- Ensuring all teaching is good or better.
- Providing small group/individual work focussed on overcoming gaps in learning.
- Supporting payments for educational visits and wider curriculum opportunities ensuring children have first-hand experiences to use in their learning and increased cultural capital.
- Therapeutic provision in place to support mental health and wellbeing.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Multi generations in families of low aspirations and unemployment
2	Undiagnosed learning difficulties of PP children
3	Social and emotional difficulties of PP children
4	Low levels of expressive and receptive language of PP children
5	Low prior attainment of PP pupils
6	Attendance
7	Low parental engagement – limited support with reading and homework, not attending parents evening, or other information sharing events
8	Tiredness and lack of routine
9	Complex family situations that impact on children's ability to engage and participate in the learning environment

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

SEN will be 'secondary ready' by the end of Year 6.	 The attainment gap between pupil premium and non-pupil premium with no identified SEN is narrowed.

Evaluation July 2022

- Staff are aware of who their Pupil Premium learners are and have a clear understanding of their individual learning needs.
- Staff have received training and are now using Insight as a way of developing individual Provision Maps and logging/monitoring interventions. This is a much more efficient way of monitoring and tracking the impact of interventions.

To ensure that pupil premium pupils have the same access and opportunities for learning as the rest of the school.	 A broad and balanced curriculum is provided for all learners. All staff have a clear understanding of the pupils' curriculum journeys. Monitoring demonstrates that provision for pupil premium pupils is meeting their individual needs.
Evaluation July 2022	

Evaluation July 2022

- All pupils have the same access to a broad and balanced curriculum. Interventions are planned so that pupils do not miss out on areas of the curriculum.
- Staff use their assessment knowledge to plan interventions which address identified gaps in learning for children entitled to Pupil Premium.
- Monitoring demonstrates that for pupils entitled to Pupil Premium, 100% made at least expected progress in Reading, 78% in Writing and 85% in Maths. With the exception of Reading, this is a decrease.

To provide enrichment experiences for learning that pupil premium pupils would not usually experience including trips and extra-curricular opportunities.	 Maintained and increased access and participation in wider curriculum opportunities. Educational school trips are
	subsidised for children in receipt of free school meals.
	 The attendance of pupil premium pupils on educational visits is 100%
Evaluation July 2022	

• 100% of pupils entitled to Pupil Premium have attended educational visits.

Activity in this academic year
